

Instructions to purchase a Curbside Review

When you click on SUBMIT below, you will be taken to the online store where you can select your Curbside Review. The \$20 review is only available if the property you are interested in is not already on our list and you are providing the photos.

If you are providing us with the photos for the review you will need to take three photos, all from the curb area, one at an angle that shows the front and the left side, one showing the front and the right side and one of the for sale sign showing who has it listed. If you can't get the front and sides as described, do the best you can but take them from the curb area or in the front as close to curb area as possible. Do not send more than two photos of the house.

The photos must be good enough for us to use or we will have to take them ourselves and you will not receive the \$5 savings. Photos must be clear, in focus and the higher the resolution the better. We recommend at least 8 megapixels as we need to be able to zoom in and still see things clearly. If you can't take them at 8 megapixels or more, do what you can and we'll see if we can use them.

If you wish you can send the pictures first, before you purchase the review so we can determine if they are good enough to use and you will know which Curbside Review to select.

If the address is not in the Jackson County, Oregon area, providing us with the photos may be the only option since it could be a very long time before we are in the area to take the photos ourselves.

Send us the photos along with the address and we'll take it from there.

When you are paying for the review you will see an area called "Special Instructions" on the last page as you finalize your order.

In the "Special Instructions" area, type the full address of the property you want a review on and the one email address you want the review sent to.

Before sending the review we will send you an email at that address with your Curbside Review number in the subject line.

When you receive that email, hit reply and send so we will know we have the email address correct and the corresponding review number.

When you receive the Curbside Review it will have that number in subject line.

If you have not received the initial email with your number within 24 hours of placing your order, please contact us at repa@yourphotoreview.com so we can figure out why. This is also the email address you should use when sending photos.

You may want to save a copy of these instructions for this purchase but always check for new instructions on future purchases as they may change periodically.

If you are ready to make your purchase click on the link below.
